### **SUBMISSION PROCESS**

Although we review every submission we receive through our online Submission Process, unfortunately, we are not always able to respond to you unless we decide to consider your manuscript for publication. Due to the very large number of submissions we receive, we do not have the staff or resources to respond to queries that we elect not to publish. We apologize for any inconvenience this may cause.

We will acknowledge receipt of manuscripts that were submitted online immediately by an automatically generated email. (We cannot without great difficulty acknowledge a previously submitted manuscript, as manuscripts are reviewed by our editorial department who are located in various places.) Please know that we review carefully each submitted manuscript and if we are interested in pursuing the project, you will hear from us within approximately four months.
